Mr. James Edmond Richardson, eldest son of Mr. N. F. Richardson, of this city, who went west some months since, has obtained a good situation in a big wholesale and retail house in Fredonia, Kansas, owned by Mr. J. W. Paulen. It is a house such as there are many in that section, which handles almost everything you can call for. It has a big force of clerks, runs four wagons, and keeps six porters busy attending to the shipping.

Edmond has charge of the grocery department and is making a success of it. He is a clever, industrious and reliable young man, and we are glad to note that he has a good place.

DYSPEPSIA CURED!

AMERICAN DYSPEPSIA TABLETS.

A Safe, Sure and Permanent cure for Dyspepsia, Indigestion, Catarrh of the Stomach, Flatulency, Palpitation, Fermentation, Heart Burn and Constipation.

Read the following reason for using American Dyspepsia Tablets

All other remedies claiming to cure indigestion and dyspepsia contain PEPsin in one of its forms, and as long as PEPsin is supplied to a weak, or even healthy stomach in the shape of medicine, nature will cease to make it, and the DYSPEPSIA will not be able to do without his "DOSE," and of course never be cured of his trouble. A stomach that will promptly digest food must make its own PEPsin and not rely upon medicine for this most important agent.

American Dyspepsia Tablets contain no PEPsin nor other PEPTIC agents, but are composed of four old and well-known vegetable remedies which, in combination, will soon effect a cure by restoring the stomach to its normal condition.

We furnish no book on the "STOMACH and its DISEASES," no ALMANAC, no prize for the LARGEST number of wrappers, but will send a trial box to any address free of cost.

AMERICAN DYSPEPSIA TABLETS are put up in 50c. packages, and are to be had at J. W. Gayle's and W. H. Averill's, or by addressing

THE AMERICAN DYSPEPSIA TABLET CO.,  
LOUISVILLE, KY.

### IS IT RIGHT

For an Editor to Recommend Patent Medicines?

(From Sylvan Valley News, Howard, N. C.)  
It may be questioned whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twelve years. For sale by J. W. Gayle, druggist.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly rise. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Livernum, Burgettstown, Washington, Co., Pa. This remedy is for sale by J. W. Gayle, druggist.

Hamilton Clark, of Chaucery, Ga., says he suffered with itching piles piles twenty years before trying DeWitt's Which Hazel Salve, two boxes of which completely cured him. Beware of worthless and dangerous counterfeits. J. E. Tyler.

### Getting a Place.

Almost every man who has succeeded in establishing himself in the business or professional world is constantly applied to that he may use his influence to secure a position for this or that person, where he may have a chance to earn a livelihood or secure a foothold that may result in earning a livelihood. Every right-minded man is glad to render his service to those who are worthy and in rendering it he frequently does the future employer as great a favor as the employee, for it is a substantial advantage to a business man to have trustworthy, intelligent and ambitious subordinates. But it is well to remind those who are in search of positions that their wisest course is to improve the first decent opportunity that offers to secure a foothold in the world of self-support. It does not make a very great difference where one starts. If the employee has the qualities that make him valuable the employer will discover it, or if he does not some other employer will. The most fatal obstacle to success is for the employee to render in service what he deems an exact equivalent for his wages, not to take an interest in his work and not to consult his employer's advantage. Such persons are apt to find themselves out of a position, and they are the first to be discharged when economies are imperative. It is well to remember that the value of any position is not to be measured simply by the pay that goes with it, but by its opportunity for advancement, and by the chance that it may directly or indirectly bring the one who holds it into relation with larger and better things.

### August Ladies' Home Journal.

Hamlin Garland, Anthony Hope, John Kendrick Bangs, Harold Richard Vynne, Anna Robeson Brown, "Josiah Allen's Wife," Clara Morris, Kate Whiting Patch and Anna Farquhar are among the half-score of writers of fiction who contribute stories to the August Ladies' Home Journal. The Midsummer Fiction Number of the Journal is in many respects a notable magazine. It has brought together in a single issue some of the most popular story-writers, and the most capable black-and-white artists to illustrate their work. Fiction, of course, predominates, but there are an abundance of timely practical articles, especially appealing to home and family interests and tending to lighten and brighten women's work.

The Rev. Newell Dwight Hillis, D. D., has an interesting article in this issue on "The Diffusion of Happiness Through Conversation," the third of his "Secrets of a Happy Life" series, and Mrs. Burton Klugland and Emily D. Striebert write of "With the Children on Sunday"—their diversions and instruction; "What Can Be Done With an Old Farmhouse" pictures how an old building may be artistically remodeled at small cost. On two other pictorial pages are shown the most cozy and attractive "Houses in Woods, Valleys and Mountains," and "The Sweetest of Summer Charities" pictures the work of the flower missions in several cities. The latest feminine fancies in dress are set forth in "The Gospel of a New York Girl," and Emily Wight writes of the "Newest Styles in Hairdressing" and "Laces for Dress Trimmings." Mrs. S. T. Rorer's cooking lesson is on "Cold Dishes for hot weather," and Mr. and Mrs. Edward B. Warman's

health talks me on timely themes. For the boys Dan Beard explains how to make "A Backyard Fish Pond." The editorial departments are more interesting than usual, and touch upon every phase of home life. By The Curtis Publishing Company, Philadelphia. One dollar per year; ten cents per copy.

### School Per Capita.

State Superintendent of Public Instruction, Hon. W. J. Davidson, has made up the per capita for each child of school age in the State, which amounts to \$2.70. This is the highest point which has ever been reached except once before, when it was \$2.85.

This is a very gratifying exhibit to the friends of education, and will be a source of special benefit to the hard worked district school teachers.

## Scott's Emulsion

It is like cream; but will feed and nourish when cream will not. Babies and children will thrive and grow fat on it when their ordinary food does not nourish them.

Persons have been known to gain a pound a day when taking an ounce of Scott's Emulsion. It gets the digestive machinery in working order so that the ordinary food is properly digested and assimilated.

SCOTT & BOWNE, Chemists, New York.

### A New School for Frankfort.

Prof. and Mrs. George F. Winston, late principals of Norfolk College for Young Ladies, at Norfolk, Va., have come to Frankfort with the intention of establishing in our city a select school, of high grade, for young ladies. Prof. and Mrs. Winston are both college graduates, and have had many years' experience as teachers and principals of some of the best colleges in the south. They come highly endorsed, not only as people of high social position and culture, but for superior scholarship, executive ability in the management of schools, and scrupulous fidelity in all business relations.

They have rented the Chiles residence, on Second street, and are now fitting it up for their opening in September. Their prospectus will be out soon. We bespeak for them a cordial welcome from the citizens of Frankfort. We need such a school in our city, and now let Frankfort see what she can do for herself by giving Prof. and Mrs. Winston their hearty co-operation.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Holzhauser, druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness." Sold by J. W. Gayle, druggist.

### Are You Dopy?

If not see the famous opium den, which is an exact reproduction of joints seen in New York's and San Francisco's "Chinatown." At the Lexington Horse Show, Fair and Carnival, Aug. 8 to 12.

### Off for the Philippines.

The following young men have enlisted in the new regiments now being raised for service in the Philippines, and have gone to Fort Thomas: George Semones, Dudley Corn, C. Flynn, W. R. Choate, Wm. Cavenaugh, C. Berry, H. Wyman, C. Wyman, B. Edwards, C. M. Walcutt and A. E. Glore.

Most, if not all, of them were volunteer soldiers during the Spanish War. We wish them all a good time.

### Populist State Convention.

The Populists of this State held their Convention to nominate candidates for State offices in this city on Thursday last, completing their work at 1:30 a. m. Friday.

The following is the ticket nominated:

What seems foolish and absurd has been reduced to a skill and science. We refer to the high wheel dive at the Lexington Horse Show, Fair and Carnival, August 8 to 12. It is performed from a tower 42 feet high, the leap being made into a pool but 10 feet deep. While hazardous, the diver has made many successful leaps before thousands of wondering audiences. It is thrilling in the extreme.

"Our baby was sick for a month with severe cough and catarrhal fever. Although we tried many remedies she kept getting worse until we used One Minute Cough Cure—it relieved at once and cured her in a few days."—B. L. Nance, Prin. High School, Buffalo, Texas. J. E. Tyler.

### Small-Pox.

Under the efficient and vigilant action of the Board of Health, backed up by the earnest work of Mr. Jas. H. Graham, the epidemic of small-pox that has caused so much uneasiness for the past month, has been effectually stamped out.

There need be no further cause of alarm, and our country friends can now resume their business connection with the city.

### Sad Event.

On Sunday morning Mr. A. Phyllian Saffell, youngest son of Mr. Jas. M. Saffell, committed suicide under peculiarly sad circumstances.

It appears that he had been in good spirits all day Saturday, returning home about 10 o'clock that night and retiring with his family as usual. About 3 o'clock Sunday morning Mrs. Saffell awoke and feeling cold and chilly. Mr. Saffell arose and placed a cover over her. He then walked to the window, and, taking up a revolver fired a shot.

His father called to know what he was shooting at, when his wife answered that she supposed he was shooting at a dog out in the yard.

In a few seconds another shot rang out, and his father ran into the room to find that his son had shot himself squarely through the heart and was lying on the floor dead.

It is supposed that the young man's mind was unbalanced and that he was not at himself when he committed the rash act.

It appears also that he must have placed his left hand over his heart, resting the weapon on his left fore finger, when he fired the fatal shot, as the left hand was powder burned and his night shirt scorched by the cartridge.

An inquest was held and the jury returned a verdict that death was caused from a pistol shot fired by Mr. Saffell while laboring under temporary insanity from the excessive use of cigarettes.

The funeral services were conducted by Rev. Geo. Duse, on Monday morning at 11 o'clock, from the family residence and the remains were laid to rest in our cemetery. He leaves a father, one brother, a wife (a daughter of Hon. E. H. Taylor, jr.), three small children and a large number of relatives to whom the sympathy of the whole community is extended.

### A Little Bit Off.

In our notice of the outing to be enjoyed by the "Kingfisher Club," we were led into unintentional error.

It seems that the organization is a separate and distinct one from the "Kingfisher Club," and is known as the "Frankfort Fishing Club," being composed of the local members of the old club and a lot of new men.

The club will leave on Monday morning over the Frankfort & Cincinnati Railway, by way of Cincinnati and Chicago, and will go from that point to "Court Orellles" Lake, in Northwest Wisconsin.

This lake is near the Indian Reservation, and it is said but one white man is seen in that section, and he is the Indian Agent.

The gang that are going is composed of the following gentlemen: Geo. L. Payne, Frank G. Stagg, Frank C. Cannon, James H. Stone, T. Noble Lindsey, John W. Miam, C. C. Farr and Sidney Bedford. The regular cook, Charles Buckner, will fill his usual place.

Messrs. S. R. Smith ("Old Sam") and Richard Morris, who are members of the organization, are detained at home, much to their regret.

We envy these old boys the good time they will have, and but for a stringency in the region of our pocket book, should have applied for inclusion ourselves. But such is life—in a printing office.

**Kodol Dyspepsia Cure**  
"Digests what you eat."

The champion shot of the world, Dr. W. F. Carver, will give an exhibition of skill in this line each day during the Lexington Horse Show, Fair and Carnival, August 8-12. Dr. Carver has well earned the title of champion of the world, and his fancy shooting has defied the efforts of all competitors.

### A Collision.

As Mr. Howard Miller was riding along Second street on his wheel, Monday morning, some young man, who is unknown, deliberately drove his buggy against Mr. Miller, knocking him off the wheel and throwing him some ten feet against the street, bruising his right side, loosening his knee-cap, knocking the bark off of his leg and mashing his right thumb and splitting the nail.

Mr. Miller was picked up by Mr. A. J. Hyde and helped into his shop to recover from the shock.

The man in the buggy drove on and never stopped to see the damage he had done.

The world famed diving horses Powder Face and Cupid, have been engaged to exhibit at the Lexington Horse Show, Fair and Carnival. They perform each day during the days of the Carnival, Aug. 8-12.

### How's This?

Several weeks since Mrs. Burb. Blackburn, who lives near Woodlake, set a duck upon the usual number of eggs. After the required time had elapsed the old duck showed up at the house with six young ducklings. Mr. Blackburn went to the place where the nest was and found the rest of the setting of eggs. He took them out of the nest and threw them out in the sun. The next day he happened to pass that way and another young duck was coming out of one of the eggs which he had thrown out.

The question now is did the sun finish the work of incubation or did the process, which had been started and so nearly finished before the mother duck abandoned the nest, go on until complete?

We invite naturalists to answer the question.

### M. E. Church, South, Conference.

The Kentucky Conference of the Methodist Church, South, will convene at Carlisle, Ky., on Wednesday, August 30. This is an unusually early date for the meeting and a great many of our Methodist friends and brethren are objecting to its being held so early in the year.

### Another Captain.

First Lieutenant Robert E. Grinstead, late of the Third Kentucky Volunteers, was appointed Captain in one of the new regiments now being raised, by the President, on Friday. Capt. Grinstead is from Lexington, and was appointed at the request of Senator Deboe to fill the vacancy caused by the death of Capt. Logan Feland, who was appointed to both the army and the marine corps.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by J. W. Gayle, druggist.

### Summer Lake Tours.

The mecca of America's resorts has been proclaimed by all experienced tourists to be Northern Michigan. The climate throughout mid-summer compares with Kentucky's best October days; the hotel accommodations appeal to the most fastidious and afford an assortment to suit the purse of any; the scenery is beyond compare in both land and water scope and amusements abound in great variety including peerless sport for the angler.

The Monon Route from Louisville to Chicago in connection with the superb steel steamer "Manitou" from Chicago to Mackinac, Petoskey, Bay View, Charlevoix and a host of other resorts presents a novelty in transportation and makes the outing completely perfect. The expense of this trip is no greater than all rail. Further particulars will be furnished on request by E. H. Bacon, District Passenger Agent Monon Route, Louisville, Ky.

### First Typewriter the Invention of a Kentucky Man—Secured Patent in 1876.

Hidden away in a dark corner of the model room in the patent office at Washington, with the dust of years giving its brown surface a coat of gray, is an apparently worthless block of wood, cut in the shape of a shireuse, with small blocks of wood mounted on wires on each of the stials.

When I happened to see this object while looking through the 400,000 models the other day I thought it must be some sort of a children's plaything. On closer inspection my curiosity was aroused, so that I included one of the busy attendants to look up the matter for me. It was then discovered to be the first typewriter in the United States—perhaps in the world.

It placed on the side of one of our 1899 model typewriters the first typewriter could not fail to provoke a smile from the spectator. Instead of mainly black and ivory letter keys, with an open framework showing the easy working of the intricate machinery inside, as is usual in the typewriter of today, this first typewriter consists of a closed wooden box, with blocks of wood half an inch square for its letter keys. The paper carriage of the first typewriter is also of wood, and instead of the operator turning the carriage by a mere touch on an extension rod, as is done with all typewriters now in use, when one line was finished on the typewriter, the operator had to use both hands to turn it—one hand to lift a catch from the cog wheel and the other hand to push the paper around as far as desired.

However much the first typewriter differs from its grandchild, a close examination shows that it has all the essential features of typewriters as we know them to-day.

The inventor of the typewriter was Col. R. T. P. Allen, of Farmdale, Ky., who secured his patent in 1876. There were other so-called typewriters invented before this date, but the Allen invention is the first machine that bore fruit, and it is that machine which may be looked upon as the parent of the 5,000,000 or more typewriters in use in the United States to-day.

### Two More Appointed.

The President has appointed two more Kentuckians to be Captains in the new regiments. They are Carroll Powers, Second Kentucky Volunteers, and Jas. R. Ash, Third Kentucky Volunteers.

melt these flakes of dandruff in the scalp. It goes further than this; it prevents their formation. It has still other properties; it will restore color to gray hair in ten times out of every ten cases.

We have a book on the Hair and Scalp. It is yours, for the asking.

## Literary Notes.

Sarah Barawell Elliott has won an envied place in the minds of readers who love simple, direct and beautiful fiction. She has written nothing more winning, for humor and pathos, than "Fortune's Vassals," the complete novel of the "New Lippincott" for August. It is a story of everyday life anywhere in America you please, but penetrated by qualities that show the romance just below the surface of the prevailing matter-of-fact.

## Oh, Summer Night!

Oh, quiet, balmy summer night.  
With myriad stars and soft moonlight  
Oh, scented breath of passing breeze,  
And waiving grass beneath the trees!  
Oh, heaving bosoms, white and fair,  
And tangled, loose, disheveled hair!  
Oh, throbbing heart and crimson cheek,  
And murmured sighs that volumes speak!

Oh, line'ring kiss that fires the blood  
And death of words that's understood!  
Oh, strangely soft and dreamy eyes!  
Oh, close embrace—oh, paradise!

## DEATHS.

**TRUETT**—At his home on Wilkins street, this city, on Monday morning, Mr. Larkin Truett, aged about 30 years, after an illness of several days from typhoid fever, Mr. Truett was an industrious and upright gentleman. He had been an employee of the Kentucky River Mills for a long time. He leaves a wife and one child to mourn his death.

The funeral services were conducted from the family residence on Tuesday morning at 9 o'clock, by Rev. R. Emmitt Abraham, after which his brethren of the Junior Order of American Mechanics, took charge of the remains and they were buried with the honors of the Order, there being a full attendance thereof.

**CRUTCHER**—At the home of her husband, on the Louisville pike, on Friday night, Mrs. Helen E. Crutcher, wife of Dr. W. Lee Crutcher, aged about 46 years, after a lingering illness.

Mrs. Crutcher was a noble, good woman, loved and popular with all who knew her. She was a faithful and consistent member of the Bridgeport Christian Church, and had been since her girlhood.

When the last summons came she was prepared and passed away calmly and quietly, knowing in whom she had believed.

She leaves a devoted husband and three children to mourn her death.

The funeral took place on Sunday afternoon, from the family residence, services being conducted by Rev. George Darr, after which the remains were placed in our cemetery. Many friends sincerely mourn her departure.

**NELSON**—At her home in Salvisa,

## HIDDEN FOES.

Spanish bushwhackers, in the Cuban war, covered themselves with palmetto leaves, and so disguised, lurked among the bushes uncovered by the American soldiers.

whacker's rifle, often lurk behind familiar disguises. A common cold, such as you have "thrown off" a score of times, may now turn out to be the uncommon cold which you cannot throw off. Then you have taken the first step in a path that leads in consumption.

The great protection against this hidden foe, disease, is Dr. Pierce's Golden Medical Discovery. It protects the vulnerable points, the stomach, lungs, liver and blood. When the blood is in a healthy condition, disease germs cannot find any permanent lodgement. When the stomach is sound and strong the life is sound and strong also. Dr. Pierce's Golden Medical Discovery is not only the best medicine for impure blood, weak nerves, weak lungs and weak stomach, but is a strictly temperance preparation. No alcohol or whiskey in it. No syrup or sugar either. Still it retains its curative powers perfectly in any climate. Dr. Pierce invites you to consult with him by letter free of all cost. He has treated and cured thousands of cases, many of them doubtless just like yours. It costs you nothing to lay your case before him. Write to day. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mr. Charles A. Moore of Pilemille, Mass., Co., Va., writes: "I had been afflicted with lung trouble for two years. I tried all the 'cures' of the physicians but they did me no good. After a long period I bought your 'Golden Medical Discovery,' and after taking four bottles I was cured. I am now feeling stronger than I ever did." Consumption, the cause of so many diseases, is quickly cured by Dr. Pierce's Pleasant Pellets. They regulate and strengthen the stomach, liver and bowels. Accept no substitute.

Ky., on Wednesday morning, Mrs. Annie Nelson, wife of Dr. Nelson, and sister of Mr. C. C. Furr, of this city.

Mrs. Nelson had been a great sufferer for a long time, and death came as a happy release. She was a devout Christian and was thoroughly prepared for the change.

The funeral took place on Thursday morning and the remains were placed in the Harrodsburg cemetery at 1 o'clock of that day.

**CALLERY**—At the residence of Mr. Thos. Doyle, Logan street, on Tuesday morning at 2 o'clock, Mrs. Ellen Callery, widow of the late Wm. Callery, Esq., aged 85 years.

Mrs. Callery was a devout Catholic and a good woman. Since the death of her husband she had made her home with relatives on the South Side.

The funeral took place from the Church of the Good Shepherd on Wednesday at 9 o'clock, after which the remains were placed in our cemetery.

**DALTON**—At his home near Spring Hill, this county, on Wednesday morning, Mr. Jasper Dalton, aged about 52 years, of acute Bright's disease.

Mr. Dalton was a teacher by occupation, and had taught quite a number of district schools in the county. He was a brother-in-law of Mr. James M. Wakefield, and leaves a wife and ten children to mourn his untimely end.

He was a faithful member of the Christian Church.

He was also a member of the Odd Fellows, and Frankfort Lodge, No. 27, of that order took charge of the funeral ceremonies, after religious exercises at Antioch Christian Church on Thursday afternoon, and the remains were buried with the honors of Odd Fellowship in the burying ground at that place.

Universal sympathy is felt for his truly bereft family.

**SNEED**—At the home of his daughter, Mrs. Corn S. Ball, in Columbia Mo., on Thursday, July 20, Dr. A. F. Sneed, aged 72 years.

Dr. Sneed was the uncle of Judge W. H. Sneed and was born and raised near Benson, this county. He was a devout Christian, and just asked a blessing at the supper table, when his head fell on his breast and he was gone.

He leaves a wife and three children to mourn his death. He was buried with Masonic orders at Centerville, Mo.

**CRUTCHER**—At his home in this county, near Duckers, on Thursday, Mr. John H. Crutcher, aged about 78 years. He was an upright, industrious and modest citizen. He leaves a wife and three grown children to mourn his death. The funeral took place on yesterday afternoon.

### Old and Rare Paper.

Mr. Rogers, a gentleman who lives near Benson, brought to our office, on Saturday, a rarity in the way of a newspaper. It was a copy of the *Ulster County Gazette*, published at Kingston, Ulster county, N. Y., of date January 4, 1800.

It gives an account of the death and the funeral obsequies of Gen. Washington, which occurred Dec. 14, 1799.

It also had the proceedings of Congress. It contained many curious, old time advertisements, couched in the quaint language in vogue at that day. It used the long Ss.

It was published by Samuel Freer & Son, on very coarse paper. Taken all together it was a curio of great value and was nearly worn out by long handling.

### Resolutions of Respect.

Whereas, It has pleased Almighty God in His wise Providence to enter the Council Chamber of Capital City Council, No. 29, Jr. O. U. A. M., and remove from our midst Brother Larkin Truell, and being desirous of giving expression to our appreciation of the sterling merits of our deceased brother as well as the feeling of sorrow that fills our hearts—therefore, be it

Resolved, That while we bow in humble submission to the Sovereign will of Him to whose power we all must humbly bow, knowing that what He does is always for the best, yet our hearts are burdened with sorrow and regret when we remember what a faithful and efficient member we have lost and also that in him we had one who exemplified the principles of our order, being a loving and dutiful son, a kind and affectionate husband and an honored and upright citizen.

Resolved, That we hereby extend to the parents and widow of our deceased Brother our sincere and heartfelt sympathy in their time of bereavement; and be it further

Resolved, That a copy of these resolutions be spread o

our minutes and a copy sent to the widow, and published in the *Roundabout*.

### Death of Col. Robt. G. Ingersoll.

Col. Robt. G. Ingersoll, the noted infidel, lecturer and lawyer, died suddenly at his home on the Hudson, in New York, on Friday morning. He had not been feeling well for some time, but was better that morning. He went to his wife's room and sat down to talk to her, when he suddenly leaped back, drew a long breath and all was over.

Five famous diving and bucking elks are on the daily program of the Lexington Horse Show, Fair and Carnival. They darily jump from a tower 42 feet high and alight right side up into a pool but 10 feet deep. These same elks have been trained to ride and in this exhibition they buck like bronchos. They exhibit each day during the Fair, Aug. 8-12.
